84 students and early career scientists funded to attend a scientific conference in 2026.

Help GSA support the next generation of genetics researchers—providing opportunities for connection and career growth.

Your gift provides travel funding, career development, and professional training for scientists navigating a precarious funding landscape, rescinded career opportunities, halted research, and other challenges.

"[Attending] the fly meeting has had an enormous impact on my trajectory and training as a scientist by connecting me with my future advisors, collaborators, and even lifelong friends."

—Andrea Darby, Postdoc at Carnegie Institution for Science

This year's impact

291
STUDENTS MENTORED

271
COMPLIMENTARY PROFESSIONAL HEADSHOTS PROVIDED

$36K
TRAVEL FUNDING DISTRIBUTED

Where your gift goes

$300
Covers one student's conference registration

$750
Covers over a dozen abstract submissions

$1,000
Covers travel funding for one DeLill Nasser Awardee

Help GSA continue its steadfast support of scientists at all career stages and its efforts to advocate for sustained research funding and protect evidence-based scientific discovery.
